

Senior Underwriter - Builder's Risk

Company Overview:

Insight Risk Technologies brings Builder's Risk Insurance into the modern age, providing world-class insurance programs combined with technology-enabled loss prevention and productivity tools that lower Total Cost of Risk for clients while enhancing underwriting profitability. A leader in both the fire-resistive and wood frame construction sectors, Insight Risk promises a fulfilling, dynamic, and financially rewarding opportunity to forward-thinking professionals determined to fundamentally change the way risk is assessed, priced, transferred, and administered.

Position Overview:

We are seeking a creative and driven Senior Underwriter to join our ever-expanding team. The ideal candidate will have 5+ years of underwriting or wholesaling experience in builder's risk (inland marine and property will be considered). As a Senior Underwriter, you will play a key role in evaluating risk, assessing exposures, and pricing policies to ensure profitability and sustainable growth while working side-by-side with our technology deployment team through the project lifecycle.

Responsibilities:

- Evaluate and underwrite builder's risk insurance submissions in accordance with company underwriting guidelines and standards.
- Analyze construction project details, including scope, location, budget, and timelines, to assess risk factors and determine appropriate coverage and pricing.
- Review and analyze loss history, claims data, and other relevant information to make informed underwriting decisions.
- Collaborate with brokers, agents, and clients to negotiate terms, conditions, and pricing for new and renewal business.
- Develop and maintain relationships with key stakeholders, including brokers, agents, clients, and reinsurers.
- Provide guidance and support to junior underwriters and assist in their professional development.
- Stay informed about industry trends, market conditions, and regulatory developments to identify opportunities and potential risks.
- Up to 30% travel.

Qualifications:

- 5+ years of underwriting or wholesaling experience in builder's risk, inland marine, or property insurance.
- Strong analytical skills with the ability to evaluate complex risks and make sound underwriting decisions.
- Excellent communication and negotiation skills with the ability to build and maintain relationships.
- A cooperative, team-focused mentality and ability to manage group projects as both lead and contributor.
- Detail-oriented with strong organizational and time management skills.
- Proficiency in underwriting software and Microsoft Office Suite.
- Insurance industry certifications (e.g., CPCU, ARM) are a plus.
